

## Laundry Detergent (Non-Bio)

**A super concentrated, phosphate-free laundry detergent formulated with naturally derived ingredients with favourable eco-toxicity and health and safety profiles. It combines a high-performance alternative to phosphate with multi-functional benefits.**

### Cleaner

- Effective on all organic stains and general soiling.
- Suspends soil to prevent re-deposition and prevents greying
- Strong fragrance leaves fabrics smelling fresh and clean for longer

### Leaner

- Exceptional cleaning reduces the need to rewash
- Suitable for all fabric types including wool, nylon and delicates
- Fabric life is extended due to gentle nature of the product and wash conditions

### Greener

- Reduced carbon footprint
- Naturally derived alternative to phosphate
- Not tested on animals
- 100% PCR – no single use plastic
- 100% Biodegradable

## Laundry Detergent (Non-Bio)

### Use Instructions

Manually dose 8 -30 ml per kg of washing load depending on soiling or dose via BioHygiene dosing pumps. Suitable for low machine temperatures of 30-40°C. Ideal for hand washing.

### Product Compatibility

Compatible with our Laundry Destainer and Laundry Softener.

### Safety & Storage

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Product is non-flammable so no requirement for secure, ventilated storage. Store at room temperature.

### Available Pack Size

20L

BH179  
(1x20L)

The UK's leading manufacturer of Biotech cleaning products

- The UK's leading manufacturer of Biotech cleaning products
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation and manufacturing by-products reducing CO2e and environmental toxicity
- 100% UK Manufacture and supply chain
